Begun in 1988, the Mentor Program calls for proposals from high school students in 5 counties and pairs each student with an artist who serves as a mentor throughout a 3 month period, culminating in an exhibition. Each year, artists are asked to offer their time and expertise to guide and advise students as they develop their work. This year, as part of our 50th Anniversary celebration, we have invited Mentors from years past to exhibit work and be acknowledged.
